Introduction

What is malpractice and maladministration?

'Malpractice' and 'maladministration' are related concepts, the common theme of which is that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations
- a breach of awarding body requirements regarding how a qualification should be delivered
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates
- compromises public confidence in qualifications
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' means malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the writing of any examination paper. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre; or
- an individual appointed in another capacity by a centre such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice. (SMPP 2)

Purpose of the policy

To confirm Egerton Rothesay School:

- has in place a written malpractice policy which covers all qualifications delivered by the centre and details how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body (GR 5.3)

General principles

In accordance with the regulations Egerton Rothesay School will:

- Take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after examinations have taken place (GR 5.11)
- Inform the awarding body immediately of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- As required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the JCQ publication **Suspected Malpractice - Policies and Procedures** and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

Egerton Rothesay School has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ publication **Suspected Malpractice: Policies and Procedures**. (SMPP 4.3)
- This includes ensuring that all staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance: *General Regulations for Approved Centres 2023-2024; Instructions for conducting examinations (ICE) 2023-2024; Instructions for conducting coursework 2023-2024; Instructions for conducting non-examination assessments 2023-2024; Access Arrangements and Reasonable Adjustments 2023-2024; A guide to the special consideration process 2023-2024; Suspected Malpractice: Policies and Procedures 2023-2024; Plagiarism in Assessments; AI Use in Assessments: Protecting the Integrity of Qualifications; A guide to the awarding bodies' appeals processes 2023-2024* (SMPP 3.3.1)

Additional information:

Pupils and parents are made aware of the current JCQ publications: Information for Candidates documents covering - Coursework, Non-Exam Assessments, Written Exams, Onscreen Exams and Social Media, via our school e-news letter 'The Egerton' and our school website - eger-roth.co.uk.

The Exams Officer issues the above documents to all staff via the All_Staff_Mailing facility, to explain these to pupils in form time, lessons and study periods as well as KS4 and KS5 Assemblies. The JCQ weblink to these documents is on StaffWeb > Exams > External Exams

Informing and advising candidates

Pupils are made aware of the importance of submitting their own independent work for assessment and ensuring that the final product is in their own words.

Pupils are made aware of the importance of referencing the sources they have used when producing work for an assessment including books, articles, magazines, websites etc.

If any sections of their work are reproduced directly from AI generated responses, those elements must be acknowledged and referenced by the pupil.

Pupils who misuse artificial intelligence (AI), such that the work they submit for assessment is not their own, will have committed malpractice.

Teachers and assessors will only accept work for assessment which they consider to be the pupil's own, and where there are doubts about the authenticity of pupils' work this will be investigated and appropriate action taken.

If work submitted to an exam board is subsequently found to have been plagiarised, pupils' sanctions range from a warning regarding future conduct - to disqualification with the pupil being barred from entering for

one or more examinations for a set period of time.
